“ *A single parent her entire life, my mother would often times work several job just to get by. Growing up in North Philadelphia, the only constant was my mother's unconditional love for me. Mom, I love you and your absence leaves a hole inside my souls I will never fill. I promise I will do all we talked about, and more. I love you.*

*Dave, Jaimie & Family,
I know Debbie is looking down & so proud of you Dave! All you have accomplished thus far & the goals you are setting for your future! She never said it to you much, but others heard it from her constantly! In the end, I believe Debbie knew her fate, and prepared to join her family in Heaven! Now, free from pain, worry & fear, she is resting peacefully, finally! She knew you have found happiness & love with your family, so her mind & soul are finally able to feel peace.
We love & are here for you all!
