

Donna Bradley

April 27, 2025

In Loving Memory of Donna Bradley

Donna Bradley, a cherished member of the Philadelphia community and a beloved part of the PATH (People Acting To Help) family, passed away peacefully on April 27, 2025, at the age of 68. Donna brought warmth, joy, and a lighthearted spirit to everyone who was lucky to know her.

Donna shared a beautiful bond with her devoted sister, Eileen Bradley, who lovingly cared for her for many years. Their connection was one of deep love and unshakable support. After Eileen's passing on December 1, 2023, Donna continued her journey in the caring hands of the PATH community, where she was embraced with the same compassion and respect that she had always given so freely to others.

Donna was a social butterfly—she loved talking, connecting, and making people laugh. Whether she was out bowling, watching a favorite movie, or traveling with friends, Donna found joy in life's simple pleasures and generously shared that joy with those around her. She had a gift for making everyone feel seen and appreciated.

Donna's life was a testament to the strength of meaningful achievements, the human spirit, and the beauty of genuine connections. She faced life's challenges with grace, and in doing so, she left behind a legacy of love, laughter, and resilience.

On May 2, 2025, Donna was laid to rest in a graveside service at Resurrection Cemetery in Bensalem, Pennsylvania, by those who considered her family, friends, caregivers, and members of the PATH community who had the privilege of walking beside her family and community on her journey.

Donna's memory will forever remind us of the power of kindness, the importance of community support, and everyone's unique light to the world. She will be remembered for her warmth and the joy found in everyday moments. Her radiant smile, warm heart, and love of conversation will be deeply missed but never forgotten.

Memorial Contributions

In lieu of flowers, donations may be made in Donna's memory to PATH, which provided her with care, support, and community throughout her life.

Rest peacefully, Donna — your light lives on in all who know you.

LO

“ I have known Donna for many years. What a personality she had. She was very friendly and would go up to anyone asking their name. She would always have cake on her birthday and the largest bag of candy that she would share with the other program participants. When she went on vacation with her sister she would return to the program with something to share with her friends. She had a group of friends that she would give them Christmas gifts. During Covid when the program was not opened, we played Bingo via Zoom. She loved it when she won. She would give me the biggest hugs and call me her program manager. She loved playing cards and would ask anyone near her to play. I will truly miss her.

“ It was an honor knowing and supporting Donna. She came into my office every morning requesting Hershey Kiss Chocolates I kept in a jar on my desk. I will think of her everytime I see a Hershey Kiss Chocolate for the rest of my days.
Rest in peace Donna, you are missed.
